1/ Agricultural Prices are published at the end of each month throughout the year for the United States and selected states. Maryland is not in the monthly prices program; however, price information is available for Maryland commodities at the end of each production year. Throughout the year on Friday, the Maryland Agricultural Statistics Service in cooperation with the University of Maryland and Maryland Department of Agriculture publishes the Maryland Grain and Livestock report. This reports contains market analysis of local price tends by University economists and current commodity price quotes from local and regional markets throughout Maryland and can be viewed at <http://www.nass.usda.gov/md/rlsetoc.htm#Grain>
